

STORAGE VAULTS

Durable UFP Industrial storage vaults come standard with a sturdy 1/2" plywood floor and strong 3/8" plywood sides and top. Strength and stability are also assured by our clinch-nail construction at the base and divergent- point staple construction on the sides and top. All the 1x4s are #2-grade, pressure-treated, kiln-dried lumber; and the blocks are cut from heavy-duty 4x4s. Containers also feature assembly of Klimp fasteners.

Customization options for added strength include a 5/8" plywood floor, glued panels, and bases bolted through the blocks.

HOUSEHOLD GOODS STORAGE CONTAINERS

Standard 3-High Plywood Storage Container 148 - 7½ (7x5x7½)

Heavy-Duty 4-High Plywood Storage Container 148 - 4HI (7x5x7½)
