FEATURING COVERED SIDES AND FAST-LOC CORNER BLOCKS

The Fast-Loc blocks connect without tools – foundation is ready to use in less than 10 minutes.

STUDIO.

A box spring alternative that's easy to transport in a car or ship UPS ground

Studio is better than a box spring. Everything you need is conveniently packaged in one box that can be easily transported or shipped. Easy to carry up stairs and around tight corners.

Compatible with all mattress types, Studio's sides are covered in tan or gray fabric for a finished look. Fits on standard metal bed frames and features a center rail for proper support.

FAST NO-TOOLS-REQUIRED ASSEMBLY

- Takes less than 10 minutes to put together or take apart
- Fast-Loc corner blocks easily connect sides – fit together and secure with pins
- Center support rail slides into place
- Breathable wood slat packs unroll and secure with hook-and-loop fasteners
